Contributing Authors

Part I. Advances in Epidemiological, Societal, and Classification Aspects of Orofacial Pain

1. The Societal, Political, Educational, Scientific, and Clinical Context of Orofacial Pain
   Barry J. Sessle, MDS, PhD, DSc(hc)
   Faculties of Dentistry and Medicine, University of Toronto, Toronto, Canada

2. Classification of Orofacial Pain
   Alain Woda, DDS, PhD
   Clinical Odontontology Research Center, Faculty of Dental Surgery, University of Auvergne, Clermont-Ferrand, France
   Antoon De Laat, DDS, PhD, Dr. h.c.
   Department of Oral Health Sciences, University of Leuven, Leuven, Belgium; Department of Dentistry, University Hospitals, Leuven, Belgium

3. Epidemiology of Orofacial Pain
   Tatiana V. Macfarlane, PhD
   University of Aberdeen Dental School, Aberdeen, United Kingdom

4. Comorbid Pain and Psychological Conditions in Patients with Orofacial Pain
   Ana Velly, DDS, PhD
   Faculty of Dentistry, McGill University, Montreal, Quebec, Canada; Dentistry Department, Jewish General Hospital, Montreal, Quebec, Canada
   Thomas List, DDS, Odont Dr.
   Department of Orofacial Pain and Jaw Function, Faculty of Odontology, Malmö University, Malmö, Sweden; Department of Rehabilitation Medicine, Skåne University Hospital, Lund, Sweden
   Frank Lobbezoo, DDS, PhD
   Department of Oral Kinesiology, Academic Centre for Dentistry Amsterdam, University of Amsterdam, The Netherlands; MOVE Research Institute, Free University of Amsterdam, Amsterdam, The Netherlands

5. Orofacial Pain, Motor Function, and Sleep
   Greg M. Murray, BDS, MDS, PhD, FRACDS, FICD
   Faculty of Dentistry, University of Sydney, New South Wales, Australia; Jaw Function and Orofacial Pain Research Unit, Westmead Hospital Centre for Oral Health, Westmead, New South Wales, Australia
   Gilles J. Lavigne, DMD, PhD
   Faculty of Dentistry and Faculty of Medicine, University of Montreal, Montreal, Quebec, Canada

Part II. Advances in Orofacial Pain Assessment

6. Clinical Examination and Adjunctive Laboratory Tests for Axis-I Physical Diagnosis
   Jean-Paul Goulet, DDS, MSD
   Faculty of Dental Medicine, Section of Stomatology, Laval University, Quebec City, Quebec, Canada
   Eric L. Schiffman, DDS, MS
   School of Dentistry, Division of Temporomandibular Disorder and Orofacial Pain, University of Minnesota, Minneapolis, Minnesota, USA
   Daniele Manfredini, DDS, PhD
   Department of Maxillofacial Surgery, University of Padova, Padova, Italy

7. Self-Report Assessment of Orofacial Pain and Psychosocial Status
   Richard Ohrbach, DDS, PhD
   Department of Oral Diagnostic Studies, University at Buffalo, Buffalo, New York, USA
   Justin Durham, BDS, PhD, MFDS RCS (Ed), FDS RCS (OS), FHEA
   School of Dental Sciences and Institute for Health and Society, Newcastle University, Newcastle, United Kingdom

**Peter Svensson, DDS, PhD, Dr Odont**
Section of Clinical Oral Physiology, Department of Dentistry, Aarhus University, Aarhus, Denmark; MindLab, Centre for Functionally Integrative Neuroscience, and Department of Oral Maxillofacial Surgery, Aarhus University Hospital, Aarhus, Denmark

**Lene Baad-Hansen, DDS, PhD**
Section of Clinical Oral Physiology, Department of Dentistry, Aarhus University, Aarhus, Denmark

**Mark Drangsholt, DDS, MPH, PhD**
Department of Oral Medicine, University of Washington, Seattle, Washington, USA

9. Neuroimaging and Orofacial Pain

**Karen D. Davis, PhD**
Department of Brain Imaging and Behaviour, Toronto Western Research Institute, University Health Network, Toronto, Canada; Department of Surgery and Institute of Medical Science, University of Toronto, Toronto, Canada

**Christian S. Stohler, DMD, Dr Med Dent**
School of Dental Medicine and Columbia University Medical Center, Columbia University, New York, New York, USA

10. Immunological and Neurophysiological Biomarkers of Orofacial Pain

**Per Alstergren, DDS, PhD**
Department of Orofacial Pain and Jaw Function, Malmö University, Malmö, Sweden

**Anne Marie Lynge Pedersen, DDS, PhD**
Section of Oral Medicine, Clinical Oral Physiology, Oral Pathology and Anatomy, Department of Odontology, Faculty of Health and Medical Sciences, University of Copenhagen, Denmark

**Satu Jääskeläinen, MD, PhD**
Department of Clinical Neurophysiology, Turku University Hospital and University of Turku, Turku, Finland

---

Part III. Advances in Orofacial Pain Management

11. Advances in the Dental and Surgical Management of Orofacial Pain

**Sandro Palla, DDS, Prof. em.**
Department of Masticatory Disorders, Removable Prosthodontics and Special Care Dentistry, Center of Dental Medicine, University of Zürich, Zürich, Switzerland

**Kenneth M. Hargreaves, DDS, PhD**
Departments of Endodontics, Pharmacology, Physiology and Surgery, University of Texas Health Science Center at San Antonio, San Antonio, Texas, USA

**Ephraim Winocur, DMD**
Department of Oral Rehabilitation, The Maurice and Gabriela Goldschleger School of Dental Medicine, Tel Aviv University, Ramat Aviv, Tel Aviv, Israel

**Antonella Palla, DMD, PD**
Department of Neurology, Zürich University Hospital, University of Zürich, Zürich, Switzerland
12. Pharmacological Advances in Orofacial Pain Management
   **Brian E. Cairns, PhD, ACPR**
   Faculty of Pharmaceutical Sciences, University of British Columbia, Vancouver, British Columbia, Canada; Department of Health Sciences and Technology, Faculty of Medicine, Aalborg University, Aalborg, Denmark

   **Sharon M. Gordon, DDS, MPH, PhD**
   Department of Foundational Sciences, School of Dental Medicine, East Carolina University, Greenville, North Carolina, USA

   **Raymond A. Dionne, DDS, PhD**
   Department of Pharmacology and Toxicology, Brody School of Medicine, and Department of Foundational Sciences, School of Dental Medicine, East Carolina University, Greenville, North Carolina, USA

13. Psychosocial and Behavioral Modes of Orofacial Pain Management
   **Ilana Eli, DMD**
   The Maurice and Gabriela Goldschleger School of Dental Medicine, Tel Aviv University, Tel Aviv, Israel

   **Robert J. Gatchel, PhD, ABPP**
   Center of Excellence for the Study of Health and Chronic Illnesses, Department of Psychology, College of Science, The University of Texas at Arlington, Arlington, Texas, USA

14. Advances in Physical Therapy Interventions for Managing Temporomandibular Disorders
   **Susan Armijo Olivo, PT, MSc, PhD**
   Department of Physical Therapy, Faculty of Rehabilitation Medicine, University of Alberta, Edmonton Alberta, Canada

   **Ambra Michelotti, DDS**
   Orthodontic Postgraduate Program and TMD/Orofacial Pain Master Program, School of Medicine, Federico II Dental School, Naples, Italy

   **Norman Thie, DDS, MMSc, MSc**
   TMD/Orofacial Pain Graduate Program, Faculty of Medicine and Dentistry, School of Dentistry, Edmonton, Alberta, Canada

15. Advances in the Use of Complementary and Alternative Medicine in the Management of Orofacial Pain
   **Cheryl Ritenbaugh, PhD, MPH**
   Department of Family and Community Medicine, University of Arizona, Tucson, Arizona, USA

   **M. Catherine Bushnell, PhD, MPH**
   National Center for Complementary and Alternative Medicine, National Institutes of Health, Bethesda, Maryland, USA

Part IV. What Do Animal Experimental Studies Tell Us About Orofacial Pain Mechanisms?

   **Jonathan O. Dostrovsky, MSc, PhD**
   Department of Physiology, University of Toronto, Toronto, Ontario, Canada

   **Barry J. Sessle, MDS, PhD, DSc(hc)**
   Faculties of Dentistry and Medicine, University of Toronto, Toronto, Canada

   **David K. Lam, MD, DDS, PhD**
   Mount Sinai Hospital, University of Toronto, Toronto, Ontario, Canada

   **Ronald Dubner, DDS, PhD**
   Department of Neural and Pain Sciences, University of Maryland School of Dentistry, Baltimore, Maryland, USA

   **Koichi Iwata, DDS, PhD**
   Department of Physiology, School of Dentistry, Nihon University Tokyo, Japan
Feng Wei, MD, PhD  
Department of Neural and Pain Sciences, University of Maryland School of Dentistry, Baltimore, Maryland, USA

Brian E. Cairns, PhD, ACPR  
Faculty of Pharmaceutical Sciences, University of British Columbia, Vancouver, British Columbia, Canada; Department of Health Sciences and Technology, Faculty of Medicine, Aalborg University, Aalborg, Denmark

Ke Ren, MD, PhD  
Department of Neural and Pain Sciences, School of Dentistry, University of Maryland, Baltimore, Maryland, USA

Claudia H. Tambeli, DDS, PhD  
Department of Structural and Functional Biology, Institute of Biology, State University of Campinas, Campinas, Brazil

Shihong Zhang, PhD  
Department of Pharmacology, School of Medicine, Zhejiang University, Zhejiang Province, People’s Republic of China

Jeffrey S. Mogil, PhD  
Department of Psychology, McGill University, Montreal, Quebec, Canada

Ze’ev Seltzer, BMS, DMD  
Pain Phenomics and Genomics Laboratory, Faculty of Dentistry and University of Toronto Centre for the Study of Pain, University of Toronto, Ontario, Canada

Part V. What Do Human Experimental Studies Tell Us About Orofacial Pain Mechanisms?

20. Inflammatory and Cancer-Related Orofacial Pain Mechanisms: Insights from Human Experimental Studies
Malin Ernberg, DDS, PhD  
Department of Dental Medicine, Section of Orofacial Pain and Jaw Function, Karolinska Institute, Huddinge, Sweden

Kenneth Hargreaves, DDS, PhD  
Departments of Endodontics, Pharmacology, Physiology and Surgery, University of Texas Health Science Center at San Antonio, San Antonio, Texas, USA

Brian Schmidt, DDS, MD, PhD  
Bluestone Center for Clinical Research, Oral and Maxillofacial Surgery, New York University College of Dentistry, New York, New York, USA

Eli Eliav, DMD, MSc, PhD  
Eastman Institute of Oral Health, University of Rochester Medical Center, Rochester, New York, USA

Rafael Benoliel, BDS  
Department of Diagnostic Sciences, Rutgers School of Dental Medicine, Rutgers State University of New Jersey, Newark, New Jersey, USA

22. Musculoskeletal Orofacial Pain Mechanisms: Insights from Human Experimental Studies
Greg M. Murray, BDS, MDS, PhD, FRACDS, FICD  
Faculty of Dentistry, University of Sydney, New South Wales, Australia; Jaw Function and Orofacial Pain Research Unit, Westmead Hospital Centre for Oral Health, Westmead, New South Wales, Australia
23. Genetic Risk Factors for Orofacial Pain: Insights from Human Experimental Studies
   Carolina Beraldo Meloto, PhD
   The Alan Edwards Centre for Research on Pain, McGill University, Montreal, Canada

   Shad Smith, PhD
   Center for Pain Research and Innovation, University of North Carolina at Chapel Hill, Chapel Hill, North Carolina, USA

   William Maixner, DDS, PhD
   Center for Pain Research and Innovation, University of North Carolina at Chapel Hill, Chapel Hill, North Carolina, USA

   Ze'ev Seltzer, BMS, DMD
   Pain Phenomics and Genomics Laboratory, Faculty of Dentistry and University of Toronto Centre for the Study of Pain, University of Toronto, Ontario, Canada

   Luda Diatchenko, MD, PhD
   The Alan Edwards Centre for Research on Pain, McGill University, Montreal, Canada

Part VI. Summary and Future Directions

24. Orofacial Pain: Summary of Recent Advances and Future Directions
   Barry J. Sessle, MDS, PhD, DSc(hc)
   Faculties of Dentistry and Medicine, University of Toronto, Toronto, Canada
